## MODEL ISS - Intake Silencer Support

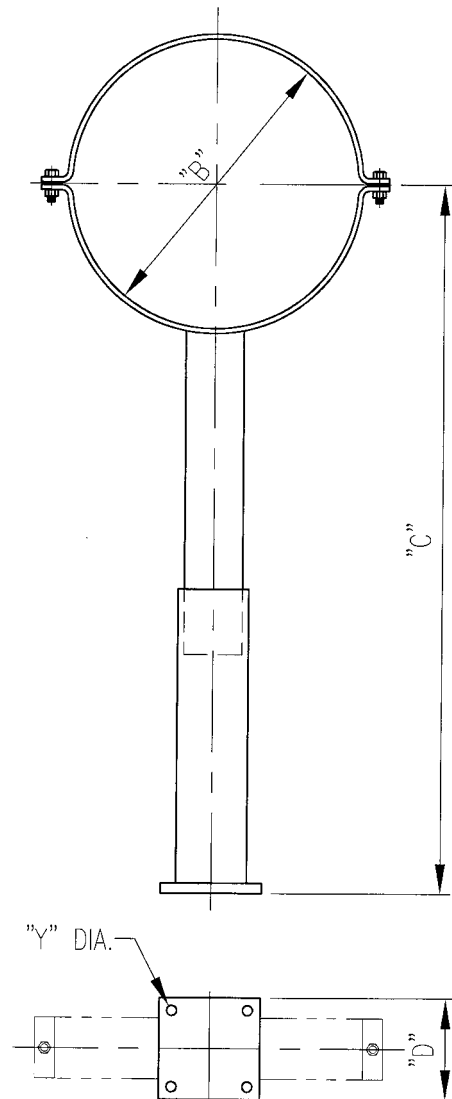

### Burgess-Manning Bedplate Silencer Accessories

#### Description:

Burgess-Manning model ISS Intake Silencer Supports are components of Burgess-Manning positive displacement blower kits. The model ISS which is fabricated from standard wall tubing and rolled plate steel is designed to securely mount Burgess-Manning Model BMBAL-LH & BMBGI-LH intake silencers to Burgess-Manning Model BPDR & BPDA bedplate discharge silencers. The model ISS is easily adjustable to meet desired height and then welded or bolted in place.

#### Features:

- Heavy Duty Construction
- Extra Wide Saddle Brace
- Economically priced
- Long service life
